BACKGROUND: In his request letter, the USTR stated that U.S. negotiators have recently reached agreement in principle with representatives of the government of Morocco on certain proposed modifications to the textile and apparel goods rules of origin contained in the U.S.-Morocco Free Trade Agreement (U.S.-Morocco FTA). The USTR noted that §203(j)(2)(B)(i) of the United States–Morocco Free Trade Agreement Implementation Act (the Act) authorizes the President, subject to the consultation and layover requirements of §104 of the Act, to proclaim such modifications to the rules of origin as are necessary to implement an agreement with Morocco pursuant to Annex 4.3 of the FTA. The USTR further stated that one of the requirements set out in §104(1) is that the President obtain advice regarding the proposed action from the U.S. International Trade Commission.

In his request letter, the USTR asked that the Commission provide advice on the probable economic effect of the proposed modifications on U.S. trade under the U.S.-Morocco FTA, total U.S. trade, and on domestic producers of the affected articles. The affected articles identified in the proposal are certain apparel goods, including dresses, skirts, blouses, tops, shirts, shirt-blouses, and pants. The request letter and the complete list of proposed modifications are available on the Commission's website at https://www.usitc.gov/research_and_analysis/what_we_are_working_on.htm. As requested, the Commission will provide its advice to USTR by January 24, 2017.
